*We very much regret that due to a technical error beyond our control, we have not been able to list everyone's time. The **bold times are official**, the others are individual racers' stopwatch times and/or estimated times according to evidence. Should racers with times missing above still be in a position to add their time to the list, I would happily collect (please use e-mail address below) and pass onto our webmaster who updates the Carnegie Harriers website on a regular basis. All positions are believed to be correct.*

*With renewed apology,*
